Client feedback 24/1/2021

Printed from Asana

☐ Client feedback 24/1/2021

☐ 1. When bidding on Android .. the value does not increase .. I have to go back and return to refresh

☐ 2. On Android - the code should be right in Arabic and not in the center, Left on English

☐ 3. Android - Change (from date) to (Auction start date)

☐ 4. Android - At last, the username m.selmy should appear, not the real name selmy

☐ 5. (Deposit Amount) do not work .. Please amend (Deposit Amount) as we agreed in the last meeting

☐ 6. Deposit refund request does not work

☐ 7. Tap Payment method and rate deduction do not work properly

☐ 8. In Arabic – تعديل كلمة (اضافه باقة) الى (اضافة تأمين)

☐ 9. In Arabic – . تعديل كلمة (تغيير الباقة) الى (تغيير التأمين)

☐ 10. Change of addresses in the invoices as agreed upon

☐ 11. IPhone - The last bidder name always shows the name fahim even if there are no bidders - check details >>

☐ 12. iPhone & Android - When registering, amend the spelling error (a photo of the front civil ID) and (a photo of the back civil ID) .. Note: The name is also modified on Android – ١٢. الايفون – عند التسجيل تعديل الخطأ الاملائي (صورة البطاقة المدنية الأمامية) و (صورة البطاقة المدنية الخلفية) .. ملاحظه: تعديل الاسم ايضا في الاندرويد – check details >>

☐ 13. After completing the KNet payment process from TAP, whether for deposit or for the car .. an error page appears and then proceeds to the app and the operation is successful

☐ 14. We need to make Arabic the default language when downloading or opening the app

☐ 15. Web / Android / iPhone The same problem. If we cancel the deposit, the user will not be affected until after he reads the page and returns he misses it.

☐ 16. Change notifications text - check details >>
